Technical Service

After sales service

In the event of a fault which you cannot easily correct yourself, please contact:

– your Miele dealer, or

– the Miele Technical Service Department.

See back cover for contact details.

Please quote the model and serial number of your appliance when contacting Miele.

This information is given on the data plate, visible on the front frame of the oven, with the door fully open.

Warranty

For further information, please refer to your warranty booklet.

Disposal of the packing material

The cardboard box and packing materials protect the appliance during shipping. They have been designed to be biodegradable and recyclable.

Ensure that any plastic wrappings, bags, etc. are disposed of safely and kept out of the reach of children. Danger of suffocation!

Disposal of your old appliance

Do not dispose of this appliance with your household waste.

Old appliances may contain materials that can be recycled. Please contact your local recycling authority about the possibility of recycling these materials.

Before discarding an old appliance ensure that it presents no danger to children while being stored for disposal. Unplug it from the outlet, cut off its power cord and remove any doors to prevent hazards.

⚠ CAUTION:
Before servicing, disconnect the power supply by either removing the fuse, shutting off the power main or manually "tripping" the circuit breaker.

Installation, repair and maintenance work must be performed by a Miele authorized service technician. Work by unqualified persons could be dangerous and may void the warranty.

Before connecting the appliance to the power supply, make sure that the voltage and frequency listed on the data plate correspond with the household electrical supply. This data must correspond to prevent machine damage. Consult an electrician if in doubt.

Only operate the appliance after it has been installed into cabinetry.

The plug must be plugged into an appropriate outlet that is installed and grounded in accordance with all local codes and ordinances.

WARNING: THIS APPLIANCE MUST BE GROUNDED

Installer: Please leave these instructions with the consumer.

Electrical connection

The oven is equipped with a power cord approx. 7' 2" (2.2 m) in length with a NEMA 14-30 P plug ready for connection to the power supply:

– 120/208 V, 30 A, 60 Hz

or

– 120/240 V, 30 A, 60 Hz

The voltage can be adjusted (see "Settings - Electrical Version").

SAVE THESE INSTRUCTIONS FOR THE ELECTRICAL INSPECTOR'S USE.

(NEMA 14-30P, L1, L2, N, G, 30 amp 208/240 VAC)

⚠ The oven must not be operated until it has been properly installed within cabinetry.

The oven must have an adequate supply of cool air for proper operation. The required air must not be heated excessively by other heat sources, e.g. wood burning stove.

Observe the following when installing:

Build into cabinetry with no back wall.

Make sure that the shelf that the appliance sits on does not touch the wall.

Do not install insulation strops on the side walls of the cabinet housing.

Before installation

- Before connecting the oven to the power supply, first disconnect the power supply from the oven isolator switch.

Installing the oven

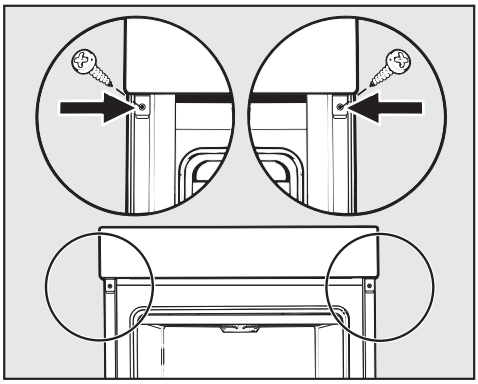
- Connect the power cord to the electrical supply.

Do not carry the oven by the door handle. The door can be damaged.

Use the handles on each side of the oven to carry it.

It is recommended that you remove the door before installing the appliance (see "Cleaning and Care - Removing the door") and all oven accessories from the cavity. This will make for easier installation into the niche and will not tempt you to use the handle to carry it.

- If there are side handles, please remove them.
- Push the oven into the cabinetry and align it.
- Open the door (if it was not removed previously).



- Use the supplied screws to secure the oven to the side walls of the cabinetry through the holes in the trim.
- Reinstall the door, if necessary (see "Cleaning and care - Installing the door").

Please have the model and serial number of your appliance available before contacting Technical Service.
